

To the Green Valley Community:

I wanted to post this immediately to apologize wholeheartedly for the May minutes not being posted. I was not able to attend the May meeting due to the tragic loss of a dear friend from suicide. We were out of town during the meeting and when I returned we launched straight into my middle son's graduation preparations and celebrations over this past weekend.

I will get the meeting minutes drafted and posted as soon as possible, hopefully tomorrow, May 29, 2026. Again, I wanted to post this not as an excuse, but to make everyone aware of why they will be late.

I will make note that we would like everyone in the community to visit the poll listed in the agenda for May and to "Follow us on Facebook". Thank you for your understanding.
